

PLACEMENT CELL REPORT

The Placement Cell of Aravali College of Advanced Studies in Education plays a significant role in guiding and supporting B.Ed. and M.Ed students in achieving successful careers in the field of education. The cell acts as a bridge between prospective employers and student teachers by providing career guidance, skill enhancement programmes and placement opportunities.

During the academic sessions, the Placement Cell organized various career-oriented activities such as career counseling sessions, personality development programmes, communication skill workshops, resume writing sessions and group discussion practices. These activities helped students develop confidence, improve employability skills, and prepare for recruitment processes.

The Placement Cell maintained regular communication with reputed schools, educational institutions, and coaching organizations to facilitate placement opportunities for graduating students. Several institutions visited the college or coordinated with the Placement Cell for recruitment. Students actively participate in activities related to placement in college. Many students were selected for teaching positions in private schools and educational institutions, while others pursued higher education and professional development programmes.

The Placement Cell also encouraged students to appear for competitive examinations such as CTET, HTET and other teacher eligibility examinations to enhance their career prospects. Guidance regarding career planning, higher education, and professional ethics was provided throughout the year. The placement cell has conducted . During the session 2023-25 and 2024-26, the placement cell send students in Ideal Public School Lok Kapur , Faridabad, DAV Public school, GBL Convent School Faridabad, Delhi Public School, Sector 9.for interviews.

The Placement Cell of the college remains committed to providing quality placement support and career guidance to all B.Ed. and M.Ed students through continuous training, institutional collaboration and career counseling. The Placement Cell strives to prepare competent, confident, and socially responsible teachers for the future.
